

November 2016

Dear Parents,

As a school we work hard to try and keep you all informed about future events and important information. However, we have noticed that there are still a few occasions when parents feel ill-informed.

We put as much information onto our website, within newsletters and we have also recently extended our use of social media to provide another easy to access means of information.

We would be very grateful for your feedback on your preferred form of communication so that we can continue to improve communication with all parents. Please tick all forms of communication which you use and then ranked them in order, with 1 for your most preferred. You can tick and numbers as many items as you like.
