

	May 2021	School would be even better if ...
1	anonymous	Lower the amount of work and had more PE and bigger school dinner portions
2	anonymous	it was harder and there was more time to learn
3	anonymous	having another thing to play on when we are on the football side because if people don't like football they don't have anything to do
4	anonymous	everyone is kind and caring and more pe
5	anonymous	more time for pe
6	anonymous	More time for PE
7	anonymous	it was really hard to think of something but probably more sports activities and to have more time for PE.
8	anonymous	making more things to play with
9	anonymous	More mental and phisical education
10	anonymous	we did thing out side like we go out side to have lessons out on the field in summer. i would like better school meals with more to eat.
11	anonymous	you could talk to the teachers about things like being gay
12	anonymous	the punishments weren't so harsh...and we had more time for our subjects.....so that we actually got a chance to finish our stories and stuff then and then.
13	anonymous	We could have more fun events half-termly
14	anonymous	we could have more time in PE
15	anonymous	I think that maybe more types of music related activities
16	anonymous	It would be better if there were more play equipment and hockey sticks and balls

18	anonymous	we had more time out side and play time
19	anonymous	We had more time to finish writing stories, or we could take our books home and finish them there.
20	anonymous	there was a school dinner option we all like, like chicken nuggets for example.
21	anonymous	let people choose what they want to do that day but it cant be too easy and you need to have maths and English
22	anonymous	if we could expand our play equipment as if: putting a rope on the climbing frame, we could also have more playtime outside

23	anonymous	they make more chances for more fun things to happen like more equipment and more areas
24	anonymous	If we had more time in English and more equipment because we always run out and people destroy it.
25	anonymous	This schools would be better if there is no homework because we do a lot of work at school already.

33	anonymous	this could be even better if this school won every single one instead of coming second in the finals.
34	anonymous	we had some more play equipment in the playground because on the football side of the playground its boring only being able to play football or basket ball and not being aloud to even climb trees
35	anonymous	We have more variety of sport.
36	anonymous	we were able to have more variety of school dinners
37	anonymous	Fresh fish and no brussel sprouts at Christmas dinner.
38	anonymous	Inside clubs could be authorised so we can stay in rather than always going outside and not having anything to do examples are chess club , art club and LEGO club maybe even a book group a place for bookworms to read and talk about their favourite books
39	anonymous	The pupils could have two short breaks plus lunch because the work can be a bit long but are still not an extreme difficulty which is nice. The staff are wonderful and make like i can talk yo anyone.me feel
