

## Better Together

### **VERSE 1**

It's been a long time since the day  
We were called to be safe  
We parted, we felt downhearted. It  
was hard to believe  
That we could only see  
Our friends upon the screen.  
We tried and we tried  
And we found we got by  
But I was missing you.  
Because we know we're

### **CHORUS**

Better together, whatever we do  
And the future's looking bright.  
With friends that we've treasured  
And with friends that are new  
We see the darkness turn to light.  
Through the storms and the rain  
The sun is shining again.  
Remember that it's true.  
Together we're better  
And together we're making it through.

### **VERSE 2**

The seasons they came and they went  
And all through this time  
We sighed and we dreamt  
Of times at the park, playing games,  
Sharing laughter and fun  
Happy times with everyone.  
We saw rainbows appear and  
We clapped and we cheered,  
But still I was missing you.  
For we know we're

### **MIDDLE 8**

Even though there may be times  
When we are down  
There is hope to be found.  
For a new day is dawning  
And life it moves on.  
We'll reach out our hands,  
United we stand, we're

### **LAST CHORUS**

Better together, whatever we do  
And the future's looking bright.  
With friends that we've treasured  
And with friends that are new  
We see the darkness turn to light.  
Through the storms and the rain  
The sun is shining again.  
Remember that it's true.  
Together we're better and together,  
Together we're making it through.
