

Week Commencing
Monday 18th May

Years 1 and 2

Home Learning

20 12 8	20 15 5	20 17 3
10 2 8	10 5 5	10 7 3

This week in MATHS:

Year 1s – how many number pairs are there that add together to make 10? Use this to help you find all the number pairs that make 20. Write the number sentences and learn the facts off by heart.

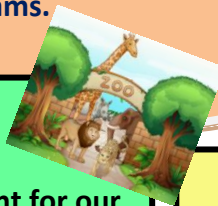

Year 2s – pick a 2-digit number (or challenge yourself with a 3-digit number) and ask someone to give you another 2-digit number that you can add to your number. Record and do 5 each day.

Addition: plus, sum, +, and, more

This week in SCIENCE:

What is your favourite animal? Find out as much as you can about this animal and then make a fact poster. You can perhaps stick it on the fridge so your family can learn too. Include pictures and diagrams.

Music:

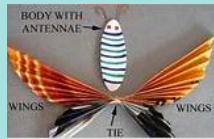

Remember the song 'We're Going to the Zoo' that we learnt for our assembly. Practise it and then sing it to your family. Try and find the online instrumental version to help.

This week in Geography:

Continue to use BBC Teach Geography KS1 'Your World' web page. Rose lives in Edinburgh and Eden lives in Addis Ababa. Can you find these cities on a world map? Which countries are they capital cities of? Which continents do they belong to and what are the names of the surrounding seas?

Art/Design Technology:

Let's keep manipulating paper. Have any of you spotted butterflies on your walks? Design a colourful butterfly of your own by colouring 2 pieces of paper. Now fold them like a fan, stick each wing onto a body.

Useful websites:

Check out the AnimalFactGuide online. We learnt so much! OnceUponAPicture might help you with your English.

Animal Fact Guide

READING

Ask every member of your family, 'What is your favourite book?' Ask them to read it to you. Remember to read your favourite book to them too.

DID YOU KNOW?

... the heart of a shrimp is located in its head?

...a cow gives nearly 200,000 glasses of milk in its lifetime?

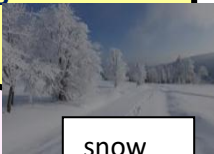

This week in ENGLISH:

Get everyone in your family to draw a picture of something or somewhere. Now ask them to tell you a little bit about the picture they have drawn. Can you write a funny story to include them all?

Year 2 remember to use lots of interesting verbs and adjectives to engage the reader.

COW

snow

Phonics/Spelling:

Year 1s – what words have 'ow' in? what sound is it making in this word?
Year 2s – revision on apostrophes. Can you write 5 sentences using ' as a contraction (e.g. don't) and 5 sentences using ' for possession (e.g. Tom's book).

Physical activity:

Do you have a bat and ball (or use a sock over your hand)? Ask a family member to throw the ball to you and then try and hit it, or hit the ball against a wall. How many times can you hit it before missing?
